RE: Recommendation for Rishabh Chouhan

It is my pleasure to share my recommendation for Rishabh Chouhan for your summer internship leadership program, Bank of American Student Leaders. When I consider all of the 2400 students that attend South Forsyth High School, leaders come with a variety of descriptions. Some students lead by example, some lead with vision, some lead by encouraging others to lead, still others lead by listening, and others by solution finding. Rishabh leads by doing some of each of these.

Rishabh is a student leader that challenges himself academically with coursework that is some of the most rigorous we offer. His 4.2 GPA shows his ability to be successful in the classroom but doesn't tell the full story. Rishabh embraces learning rather than chasing a GPA and that is unique in this day and age. Economics and finance are areas of interest and passion for him. Noting a lack of extracurricular focus on finance, Rishabh approached with a solution. Rishabh created a Finance and Investment Club designed to connect high school students to real life experiences and expose them to community members that could provide insight into these subjects.

Rishabh's interest in your unique student leadership program is the recognition that he can gain experience, exposure, and greater understanding in an area he has identified as a college major as well as career area for his future. There is nothing more rewarding than seeing a student with a passion for knowledge and understanding of a particular genre find a way to expand their focus and connect it to real world experiences all the while gaining firsthand knowledge of application of skills. The Bank of America Student Leadership program would do just that.

Rishabh has cultivated a following of students that have now gained an interest in and passion for investing and understanding the nuances of finance. Rishabh participates in more traditional community service within our school and broader community, but his biggest contribution has been expanding accessibility to a personal topic of passion to so many.

I hope you will strongly consider Rishabh Chouhan for your summer Leadership Program. I can assure you he will maximize the opportunity and pay it forward in the future. Should you have any questions, please don't hesitate to reach out to me via phone at 770-781-2264 x100611 or by email at lawilson@forsyth.k12.ga.us.

Sincerely yours,

Laura Wilson, Principal
